EXPERIENCE

Chief Technology Officer
Latus Health Ltd.
2018 - Present

- Overseeing all technology related aspects of the company.
- Developing and maintaining apps for clients from initial specification to app store publishing, using firebase for the backend and the Expo SDK alongside React Native for app code.
- Creating and maintaining a bespoke CRM with an API utilised by the apps and potentially health kiosks.

ONLINE SERVICES LIAISON
STEM Learning Ltd.
2010 - 2018

- Maintained services with requirements gathering, design, development, testing, production and decommissioning. Including a Wordpress Intranet, Drupal main website (stem.org.uk), asp.net based booking system and Django form system.
- Provided additional capacity to support and train staff and other key stakeholders on the aforementioned systems.
- Accountable for test plans and ensuring change was managed effectively to minimize disruption to services.
- COO : "Alan Oakden joined us in 2010, and in his current role as Online Services Liaison, was able to bridge the gap between the culture of system users and providers during the successful roll-out of our new booking system."
